

Free Skin Cancer Screening

Spot the bad spot:

It could save your life!

Local dermatologists can educate you on how to spot skin changes that may indicate skin cancer and provide tips on how to protect your skin while enjoying the great outdoors.

The free skin cancer screenings are sponsored by the Wright State University Boonshoft School of Medicine Department of Dermatology, Wright State Physicians, Dayton Children's Hospital, and Premier Health, along with the American Academy of Dermatology and Eucerin.

To schedule an appointment, call CareFinders at 1-866-608-FIND. (3463)
